RAL- ja NCS-värikartoista on valittu lähin mahdollinen sävy. Painoteknisistä syistä oheiset värimallit saattavat poiketa hieman kangasoriginaaleista.

Närmast möjliga färgton har valts från RAL och NCS-färgkartor. Beroende på trycktekniska skäl kan avvikelser förekomma mellan färgkarta och producerat material.

The suggested RAL and NCS colours are indicative only. Due to printing technology, the accompanying colour models may differ slightly from fabric originals.

Die gegebenen RAL- und NCS-Farbnummern sind richtungsweisend und unverbindlich. Aus drucktechnischen Gründen können die Farbmuster leicht von den tatsächlichen Farben der Stoffe abweichen.
